DANIEL MIRIAM
PRIMARY EXAMINER

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on February 13, 2006 has been entered.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on February 13, 2006 was filed after the mailing date of the Notice of Allowance on October 5, 2005. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the examiner has considered the information disclosure statement.

Reasons of Allowance

3. The following is an examiner's statement of reasons for allowance: claims 1-30 remain allowable over the prior art of record submitted in the above-identified IDS. Takemori, et al. do not teach or fairly suggest, among other things, wherein the estimate of the error amount includes an intra-reference-image error and is represented in the image-correlation-based displacement measuring system in relation to a displacement relative to an arbitrary reference image position, wherein the displacement relative to an arbitrary reference image position cover a range which is a significant portion of the maximum displacement range usable with a single reference image in the image-correlation-based displacement measuring system. It is for this reason and in combination with all of the other elements of the claims that claims 1-30 are remain allowable over the prior art of Takemori, et al.
